

Master of Natural Science Degree Mathematics Emphasis

Example of a Program of Study

Fall 2005	MA623 MA640 GR603	Statistical Analysis for Forensic Science Seminar in Contemporary School Mathematics Seminar in College Teaching
Spring 2006	MA633 MA580	Differential Geometry Experimental Design & Analysis of Variance
Summer 2006	MA635 or MA647	Introduction to Point Set Topology Complex Analysis
Fall 2006	MA546 MA560 MA643	Advanced Calculus I Research Methods Number Theory
Spring 2007	MA645 MA694	Algebra Thesis (or Graduate Paper and Comprehensive Examination and another Elective)
